## 1. Background

On 11 March 2008, the Competition Commission (CC) announced its decision to allow the merger of transmission companies Arqiva and National Grid Wireless (NGW) subject to the agreement of a package of measures (undertakings) to protect the interests of their customers.

Arqiva and NGW overlap in the provision of Managed Transmission Services (MTS) and Network Access (NA) to transmitter sites and associated facilities for terrestrial television and radio broadcasters. In its final report, the CC found that Arqiva and NGW were the only active providers of MTS/NA to the UK television broadcasters. The companies were also the most significant providers of national MTS/NA to UK radio broadcasters with a combined market share of more than 85%. In both cases, prior to merger, the companies had exercised a competitive constraint on each other.

**The CC concluded the merger of the two companies would lead to a “substantial lessening of competition” in broadcast transmission services, specifically in the provision of MTS/NA to television and radio broadcasters.**

After consultation by the CC with Arqiva, its customers and other stakeholders, the Commission accepted certain undertakings from Arqiva on 1 September [[http://www.competition-commission.org.uk/inquiries/ref2007/macquarie/pdf/notice\\_undertakings.pdf](http://www.competition-commission.org.uk/inquiries/ref2007/macquarie/pdf/notice_undertakings.pdf)].

The Undertakings are intended to mitigate the substantial lessening of competition by protecting existing and new customers over the terms and conditions of supply, including protection against future price rises and protection against changes in non-price related areas (such as discrimination issues and service standards).

The Undertakings provide for the appointment of an Adjudicator, as described in Appendix 1 (Adjudication scheme) and Appendix 2 (Adjudication Rules). The main role of the Adjudicator is to determine disputes arising out of the operation of the Undertakings.

Paragraph 35 of Appendix 1 to the Undertakings requires the Adjudicator to make periodic reports to the Office of Fair Trading, copied to Ofcom, covering the following points:

- Any Guidance issued
- Determinations in relation to Disputes
- The views of the Adjudicator about the operation of the Undertakings, the Adjudication Scheme and Adjudication Rules as well as any recommendations for amendments
- The views of the Adjudicator on the performance of Arqiva in complying with the Undertakings

This report covers the operation of the Office of the Adjudicator over the period from 1 July 2010 to 30 September 2010. This report will be published on the website of the Adjudicator ([www.adjudicator-bts.org.uk](http://www.adjudicator-bts.org.uk)) with any information that the Adjudicator regards as confidential redacted.

## **2. Office of the Adjudicator**

### **2.1 Adjudicator**

The Office consists of Alan Watson as Adjudicator on a 3 day/week basis, Jon Trowsdale as Deputy on 2 day/week basis and Clare Gemmell as Executive Assistant and Office Manager.

Legal advice is provided by Mr Paul Herbert of Goodman Derrick LLP.

### **2.2 Budget**

The budget for 1 April 2009 – 31 March 2010 was £610,541 for operations and £470,000 as a contingency. The operations budget is intended to cover forecast activity and includes payroll, services (office, IT, etc) and bought in professional services. The contingency is intended to cover exceptional costs arising from adjudicating disputes and investigations.

A budget for 2010/2011 has been set, following consultation, at £529,188 for operations and £470,000 for contingency. The operations budget represents a 13.3% reduction on last year's budget.

Operations to 30 September 2010 were within budget and no contingency has been used.

### **2.3 Stakeholder Meetings**

During this period regular meetings with stakeholders have continued and include government departments, television broadcasters and radio broadcasters, both large and small:

Confidential information redacted

### **2.4 Arqiva**

Para 35 of Appendix 1 requires the Adjudicator to comment on the performance of Arqiva over this period, in relation to the Undertakings.

Confidential information redacted

The performance of Arqiva continues to be generally satisfactory.

### **3 Disputes and Guidance**

#### **3.1 Guidance**

No further guidance has been published during this period.

#### **3.2 Disputes**

To date there have been no disputes requiring the use of the dispute procedure.

### **4 Publication of Reference Offers**

Arqiva reference offers can be found at:

<http://www.arqiva.com/terrestrial/broadcast-tv/reference-offers/>

(the latest are the Reference Offers for the Manchester and Cardiff areas for the 758-766 Mhz frequency band, June 2009)

<http://www.arqiva.com/terrestrial/broadcast-radio/reference-offers/>

(This was published by Arqiva on 13 Feb 2009).

Following guidance from the Adjudicator, Arqiva have published the Network Access Rate Card.

### **5 Reporting and Audit**

#### **5.1 Reporting on Digital Switchover Progress**

Under Para 17 of the Undertakings, Arqiva is obliged to provide a monthly report on DSO progress. The reports are being received monthly.

#### **5.2 Regulatory Accounts**

Arqiva is obliged to produce annual accounts in accordance with the requirements set out in Para 15 and Appendix 14 of the Undertakings. The first set of regulatory accounts covers the period from the Commencement of the Undertakings (1 September 2008) to 30 June 2009. These have been completed and are available on Arqiva's website:

<http://www.arqiva.com/corporate/pdf/NA%20and%20MTS%20Financial%20Statments%20period%20ended%2030.06.09.pdf>

And the explanatory notes on:

<http://www.arqiva.com/corporate/pdf/Regulatory%20Accounting%20Principles%20and%20Methodologies%2017.11.09.pdf>

The regulatory accounts for the period ending 30 June 2010 have been prepared and approved by the Adjudicator. They will be published following Arqiva board sign off.

### **5.3 DSO Audit**

Arqiva is also obliged to undertake an annual audit of DSO expenditure as set out in Para 14 of the Undertakings. The scope and format of the audit has been set by the Adjudicator and the stations to be audited selected similar to the previous period. The audit will take place in November and the results will be made available to the BBC, SDN, D3&4, Ofcom and OFT by 30 Jan 2011.

### **5.4 Compliance Report**

Para 18.1 of the Undertakings requires Arqiva to deliver an annual report to the Office of Fair Trading setting out steps taken to comply with the Undertakings and details of any breaches and including steps taken to remedy them.

The next compliance report is due at the end of November 2010. The report has been compiled and is awaiting Arqiva board sign off.

### **5.5 The Undertakings**

The adjudicator believes that the Undertakings, the Adjudication Scheme and Adjudication rules are satisfactory at the present time and that no changes are needed.

## **6 Planned future activity**

### **6.1 Guidance**

The Adjudicator has now issued guidance covering Paras 6 and 9-12 of the Undertakings and does not intend to issue further guidance in the short term unless events require it.

At present the Adjudicator is of the opinion that no Guidance is required in relation to Para 3 of the Undertakings. Application of, and compliance with, this paragraph will be monitored and Guidance issued at a later date if necessary.

### **6.2 Weighted Average Cost of Capital (WACC)**

From the responses to the consultations preceding these two sets of Guidance it has become clear that it has been difficult for the industry to comment on some of the issues because they are complex and not well understood. The Adjudicator is planning a series of short explanatory notes to be published on the website covering some of the more complex issues.

The first of these notes was intended to explain Weighted Average Cost of Capital (WACC) and how that formed part of the NA charges. Attempts at drafting this raised more issues than were explained. The task of producing a report which explained WACC and looked further at the implications of changing it was given to Plum Consulting. The first part of the brief for this report was to provide an explanation of WACC and show how the figure of 10.4% was derived. The second part of the brief was to give a view on the likely outcome of a full review of WACC taking into account recent settlements and financial trends.

The conclusion of the report was that a review would result in a figure not materially different from the one in current use. In consequence the Adjudicator has decided not to conduct a full review at the present time but will continue to monitor the situation particularly at the point Arqiva refinances in 2014.

The Plum Consulting report is attached in full as an Appendix to this report.

### **6.3 Future Activity**

An area for further work in 2010 is the implications on NA charges should analogue radio transmission (both AM and FM) cease at some point in the future.
